

DAILY NEVADA STATE JOURNAL

C. C. Powning, Editor & Proprietor

TUESDAY.....JULY 24, 1883.

THE REPUBLICANS MUST GO

The Democratic County Committee of San Francisco have resolved that all of the Republicans employed in the city offices must be removed and Democrats appointed in their stead, thus verifying the cardinal principle of the party that "to the victors belong the spoils." A sub-committee appointed to ascertain the number of Republican-employed by Democratic officials report that there are nineteen in the County Clerk's office, five in the Sheriff's office, two in the employ of the Assessor and two in the employ of the Board of Supervisors. This horrible state of affairs caused the Committee to immediately pass a resolution demanding the immediate discharge of all but Democrats employed in municipal offices under Democratic control. Some of the officers charged with the heinous offense against the true principles of Democracy have refused to comply with the request of the Committee, and for the next few days lively times may be looked for in the Bay city.

TO STOCK BREEDERS.

The following suggestions of the Battle Mountain Messenger should be heeded:

The State of Nevada having become a large factor in the business of stock raising, and being the only State or Territory of any magnitude in the stock business that has no Stock Breeders' Association, we would call the attention of stock raisers to the advisability of establishing such an association for the purpose of encouraging and fostering the raising of first class animals. Such an association would have a tendency to encourage the stock interests in this State, to recognize the right of all interested to the use and benefits of the ranges now claimed by stock men; also an acknowledged system of marks, thereby preventing confusion and similarity of the marks and brands. It would also bring the stock-men together at stated intervals for the purpose of interchange of ideas and experience connected with the stock raising interests of the State. And intending purchasers could obtain from the association reliable information as to quantity and quality of any band of animals, thereby saving much unnecessary expense in traveling over different portions of the State in search of what they might need. The association could also hold yearly fairs offering premiums for the best bred animals, such premiums to be of sufficient value to encourage stock men to raise first-class animals to compete for the prizes offered. Our beef has been acknowledged by the San Francisco dealers to be far superior to any received by them from other markets. Parties from Wyoming and Nebraska have, and are now purchasing all the horses that are for sale in the State, and acknowledge them superior to California horses; with little judicious grading of our horses and cattle they could be greatly improved and Nevada become one of the first stock countries in the Union, and purchasers be induced to come here and invest. The stock raisers would be handsomely repaid for the extra expense in improving their herds, and the easiest method of so doing is, the forming of a Stock Breeders' Association. To all concerned we would say, take time by the forelock, call a meeting of the stockmen at some convenient place and form the nucleus of a society that will be a lasting benefit to the State.

The settlement of the Philadelphia Mint must be very gratifying to Superintendent Snowden, as the wastage for the amount of bullion operated upon was the smallest in the history of that Mint. The Melter and Refiner operated upon 2,210,945 ounces Gold, equal to 76 tons, and 45,591,339 ounces of Silver, equal to 1,563 tons. The Coiner operated upon 415,487 ounces of Gold, equal to 14 tons, from which he struck and issued 941,680 coins, valued at \$6,729,982. He also operated upon 10,551,909 ounces Silver, equal to 362 tons, from which he struck and issued coins to the value of \$15,325,470.

The Enterprise reports that the men are being discharged from the mines for the reason that the water is so low in the Carson river that the mills can not run, and for three months to come there will neither be work for the usual number of men at the mills nor at the mines. A great loss is entailed by this unnecessary condition of things, and year after year the same deplorable result is witnessed. The grand mistake consists in not having the mills on the Truckee where there is plenty of water at all seasons.

Mr. Fair, of Nevada, will have to be excused from attending the meeting of the Committee on Education and Labor called to meet at New York, "to consider the present strike of the telegraph operators."

An opposition telegraph line from Virginia City to San Francisco would be a paying investment.

Gen. Ord died of yellow fever Sunday evening at Havana.

The Western Union is whistling hard 'eep up courage.'

LOW WATER TROUBLES.

The Hanging Up of Stamps on the Carson River, Throwing Gold Hill Miners Out of Employment.

[Enterprise, July 22d.]

The present low stage of water in the Carson river is causing serious trouble both to miners and mine owners, particularly at Gold Hill. The Crown Point Mining Company were last evening obliged to discharge fifty men, about a week ago the Yellow Jacket laid off twenty-four men, and as things now look more must soon go; also, more may yet be laid off at the Crown Point and Belcher.

Owing to the low water the mills on the river cannot reduce the ore. The capacity of the Brunswick mill is 150 tons per twenty-four hours, but at present only forty tons can be worked in that time. The Mexican mill and all the other mills have fallen off at the same ratio.

It is supposed that the ranchmen up the river may be running a good deal of water out upon waste lands to start up grass for pasture or to wash the alkali out of the soil, and Samuel L. Jones and Williams, of the Mexican mill, will today go up toward the head of the stream and ascertain what can be done toward getting all the water that is not in actual use on crops.

At this season very little water can be needed for irrigation, and it is hoped that something may be done to set going some of the stamps now idle. It is to the interest of the ranchmen and to everybody in the State to keep the mills and the mines full of men.

No doubt much of the water that comes down from the mountains is lost by evaporation where the river passes through the heated valleys. Even here on the Comstock it has been found that a bucket filled with water, and exposed to the sun and open air, loses, by actual measurement, at the rate of one inch per day. It is probable that the rate of evaporation down in the valleys is much greater, particularly where the river spreads out in shallows and bayous.

The hanging up of the stamps is bad for Gold Hill. Even the fifty men let out last evening is a loss to the town of \$200 per day—\$1,400 per week. Unless it is found that water can be turned into the river at some point above it will be at least three months before we can expect to see the mills again in full operation; meantime for some two months matters will be constantly growing worse. A few big reservoirs up in the mountains, upon which to draw at this season, are what is wanted.

THE NORTH END.

The Outlook Very Promising.

[Enterprise, July 22d.]

In approaching the west wall of the vein the joint Union Consolidated and Sierra Nevada west crosscut, on the 3000 level, is passing through ore that gives fair assays. Just how far it may be to the west wall is not known. Where said wall was last seen on the 2000 level it was inclining to the west, in going down the distance of 100 feet it might very easily swing back to the west many feet.

However, as things now stand, the outlook for a good big body of ore to the south is very promising. The vein is already about fifty feet wide, and to the southward is likely to become still wider.

On the 3000 level, owing to the southward pitch of the ore body, the west crosscut passes through a part of the vein corresponding to that which on the 2000 level lay sixty feet north of the east crosscut.

On the 2900 level the dip of the east wall in the Union Consolidated ground was forty-five degrees, while in the Sierra Nevada it was about sixty degrees.

Now it is found that this dip of the east wall in the Sierra Nevada has carried down more vertical, therefore we may expect that in going sixty feet south it will be found that the dip found above in the Union Consolidated ground has also carried down.

This, with the widening that appears to have taken place to the west, should give a great breadth of vein off South in Union Consolidated. The part of the vein now being cut across is like the bow of a boat, the stern of which lies far away to the south.

The streak of ore that has been found by the crosscut gives an excellent point in which to start the proposed drift to the south. Next week we are liable to see lively times in the north and stocks.

The drift south will be a point of great interest.

PAT CORBETT.

An Old Timer Comes Back for a Visit—Historical Notes.

(Nevada City Transcript.)

United States Marshall P. S. Corbett, of Virginia City, Nevada, was in town yesterday. Pat used to live in Nevada City when the town was young and wild. In 1856 he was a member of the police force, and although he weighed fifty-five pounds less than now, tipping the beam at only 135, he was no chicken. One day a strapping big bruiser, whose friend he had placed in dangerous, stepped up to Pat, on the street, said, "You—, if you will take that star off and walk outside the corporation limits I will lick you so bad that you'll not arrest another man for a long time to come." Pat pulled his star off, accepted the invitation, and accompanied by several hundred spectators the two men went over on the bedrock west of town, and had their fight. The policeman broke his heavy-weight antagonist "all to pieces" in a few rounds, and retired from the field unscathed. From hence he went over to the Comstock, in 1859. He took a turn at Meadow Lake during the excitement in that district, but soon found there was nothing to be cleaned up there. He says if he ever leaves Virginia City for good it will be his heart's delight to come back to Nevada City, and start down the grade of eternity from here.

THE CHANGE OF TIME.

Delays in Delivery of Mails Along the Railroad.

[Winnemucca Silver State.]

The change of time on the Central Pacific Railroad is the cause of general dissatisfaction from Elko to Wadsworth. It has totally demoralized mail matters, and everybody is complaining. Winnemucca is the only station west of Palisade where the mail is delivered at night. Letters mailed here for Mill City, Unionville, Humboldt House, Rye Patch and Lovelock are taken west to Vista, near Reno, where the trains meet, and there transferred to the east-bound train, from which they are delivered at the several stations next day. Postmasters along the road are not paid for sitting up until the arrival of the west-bound train, and the mails are taken past their offices. Under this beautiful and convenient arrangement, if two letters—one for Sacramento and the other for Mill City—are mailed here this evening before the west closes, the Sacramento letter will reach its destination, over 300 miles away, before the other is delivered at Mill City, the nearest Post Office west of Winnemucca. Unless Uncle Sam means to discriminate between places we will have to remedy this business.

Embodied Presidential Opinion.

(S. F. Call.)

When all the great men in the country have told us who, according to their belief, will be the candidates on the several tickets for the next Presidency, we shall probably be no wiser, but will have at least learned their preferences on the subject. Mr. Washington McLean of Ohio thinks if Mr. Tilden is placed at the head of the Democratic ticket, "he will sweep the country for the Presidency in 1884 like a blizzard." Mr. W. H. Barnum declares that down in New England it is a foregone conclusion that Ben Butler will be the next President of the United States. The Charleston (S. C.) News and Courier, speaking for the South, says that neither Tilden nor Butler will do. Congressman Blackburn of Kentucky asserts that Judge Hadley will be elected Governor of Ohio by a majority of 20,000, which will make him the next Democratic candidate for President, with Governor Cleveland on the same ticket for Vice-President. Per contra, the Kansas City Times avers that "Judge Hadley's election as Governor of Ohio will give him no claims on the Presidency." A number of ex-Senator McDonald's friends have taken bold ground in favor of his nomination. Senator Pugh of Alabama brings forward Mr. Abram S. Hewitt as a candidate, and at the same time volunteers a good word for Mr. Arthur, whom he pronounces "the best President the country has had since the war." And it is the belief of the Philadelphia Press that "Senator Culion of Illinois would not object to taking second place on the National Republican ticket, with Mr. Blaine at the head." As some time will elapse before the assembling of the Democratic and Republican National Conventions, there will be opportunity for other names to be brought forward in this connection, and it is possible that the fortunate men have not as yet been designated by any of the leading politicians.

A Popular President.

(Indianapolis Times.)

The following question and answer occurs in a recent interview between a New York reporter and Hon. R. B. F. Pierce, of Indiana:

"Is Arthur's name mentioned in the West as a candidate for 1884?"

"Yes, he is exceedingly popular out there."

Mr. Pierce might have added, with equal truth, that President Arthur is exceedingly popular in all parts of the United States, and it may not be improper to state that he has surprised a large number of people by his prudent, careful and wise administration of the duties of his high office, for which he is entitled to, and is receiving, the candid approval of the almost entire people of the country. Whether the popularity will be strong enough to give him the Republican nomination for President in 1884 is for the future, but it is a fact, that his administration is quite as popular as any that has preceded it, and should he be as successful in the next year as he has been during the past year, and desires the nomination, he will become a formidable candidate.

The Truckee Republican of Saturday last says:

A Reno gentleman while rowing on Donner Lake, Tuesday evening, dropped a purse containing \$25 in greenbacks and \$10 in coin into the lake. He has since then put in most of his time rowing around the spot peering over the side of a boat looking for the wad.

Southern Minnesota was struck by a cyclone last Saturday. The town of Elgin was totally destroyed. Nine persons were killed and fifty wounded.

Hope for Drunkards.

My husband had drunken habits he could not overcome until Parker's Ginger Tonic took away his thirst for stimulants, restored his energy of mind and gave him strength to attend to business.

—Cincinnati Lady.

NEW TO-DAY.

MT. ST. MARY'S ACADEMY.

Reno, Nevada.

CONDUCTED BY THE

SISTERS OF ST. DOMINIC.

Will reopen September 1st. For Rejoined terms apply to the Mother Superior.

Jy23d.

MISCELLANEOUS.

THOSE WOMEN FOLK.

How Hard-Headed Men Estimate Some Things Which They Don't Understand.

Anybody who has led a domestic life knows how common such things as the backache, and pains in the chest, are among the women who do the work. Often—and perhaps generally—the distresses are borne without much complaint. The women get about, and the machinery of the house goes on. Beyond this, these coarse-grained animals whom New England women call "the men folks," seldom look so long as their wives or daughters are not actually in bed, under the doctor's care, the average thick-skinned husband and father gives the subject no attention. At the same time the poor household drudges—who deserve a better fate—creep around, broom or utensils in hand, up stairs down stairs and out-of-doors, doing that woman's work, which "is never done." Losses of loved wives and fair girl-lovers whose suddenness and unexpectedness astonish those wooden-pated husbands and fathers—all, seemingly out of a clear sky, and form the logical sequel to the story of neglect.

Now, you men who stand at the heads of ten thousand such homes, allow us to drop a word in your receptive ears. If these women of yours are worth having, they are worth saving. That back-ache—that pain in the chest! What are they but indications of some organic trouble of the kidneys, the heart, or the lungs? End it at once by the application of BENSON'S CADIVE POROUS PLASTER. It will soothe that nervous distress, drive away that pain, banish that dull, weary back-ache, give new strength to the body and fresh hope to the heart. No other plasters will do this. The Benson's Plaster, however, is not made to sell but to heal. It is a remedy which never breaks its promise—and never will.

Your druggist has it. But before paying your 25 cents and putting the plaster in your pocket, look for the word CAPSINE cut in the middle.

Seabury & Johnson, Pharmaceutical Chemists, New York.

PROFESSIONAL CARDS.

A. DAWSON, M. D.

OFFICE: IN SUNDERLAND'S BUILDING, Rooms 1 and 4. Residence on West Street between Commercial Row and Second Street, Reno, Nev.

G. S. VARIAN, W. H. DICKSON, SALT LAKE CITY, UTAH.

DICKSON & VARIAN,

ATTORNEYS AT LAW.

Will practice in all the courts of Utah and Nevada.

M. J. SMITH, Reno, July 17th, 1883.

News Depot.

C. J. Brookins has just received from the East all the latest magazines and periodicals of both Eastern and Western publication. He will keep them on sale at his store from and after this date.

Jy13d.

For Rent.

A dwelling house with 7 rooms and cellar, on West street, one door north of E. M. Jamison's dwelling, splendid location, rent reasonable.

Enquire of Wm. Hoffman at the Brewery, North Sierra street.

M. J. SMITH, Reno, July 17th, 1883.

Lessons in Music.

During the vacation of the School for Girls Miss May Cara will give instrumental or vocal lessons to any of Miss Quillie's pupils or others who desire instruction.

Jy26d.

At Leadbatters'.

On Commercial Row, is the place to buy produce, fruit and vegetables, full stocks of

which, in their season, are kept constantly on hand. Orders filled at lowest rates.

Jy22d.

Land for Sale.

Seventy acres of fine land on the Truckee Meadows, near Glendale, fenced and well watered, are offered for sale for \$2,600. For particulars enquire of H. M. Frost or at this office.

Jy11d.

Night Watchman.

George W. Morshon, the regular and fully empowered Night Watchman of Reno, is prepared to watch business houses and private residences, etc., and wake parties in the morning.

Best of patronage may be seen from the JOURNAL of Dec. 3d, 1882.

dec3d.

Ice! Ice!! Ice!!!

The Reno Ice Company is now prepared to deliver ice to all who want it for the Summer.

Leave orders at either Ledbetter's or Hall's store.

IN AND OUT OF TOWN.

What is Being Said and Done in a Small Way.

Herman J. Thyes is rustinating at Donner Lake.

R. P. Chapin celebrated his 42d birthday yesterday.

L. L. Crockett came over from Carson yesterday.

Yesterday was one of the hottest days of the season.

E. W. Crutcher returned to Humboldt yesterday.

Bishop Whitaker preached at Tuscarora last Sunday.

A. B. Elliott, a legal luminary of Virginia, is in town.

Andy Russell came up from Wadsworth yesterday.

The Congregational Sunday school will have a picnic soon.

To be healthy, wealthy and wise, attend to your business and advertise.

D. S. Gallatin went to San Francisco yesterday morning to buy a stock of goods.

Geo. Conkling, who has been quite sick for a week or more, is able to be around.

The Nevada State mill shipped a car load of flour yesterday to Gold Hill and Virginia.

Pyramid will be lively next week. A dozen men will be put at work in the J. & K. tunnel.

Mrs. Kate Emmitt and Miss Frankie Smith, her sister, have been visiting their Quincy friends.

Don't lay in more 3-cent stamps than you can use up by October 1st. Two cents will do after that.

For dressing the hair, and beautifying it when gray nothing is as satisfactory as Parker's Hair Balsam.

C. W. Perry, traveling agent for Galatin & Folsom, starts out this morning on a trip through the Great East.

There is a report out that the C. P. folks are dissatisfied with the new time table and will shortly make a new one.

Mrs. Lamphear, and daughter, of Elgin, Illinois, arrived in Reno Sunday morning on a visit to her brother, A. H. Barnes.

The Mason Valley people intend holding a Fair this Fall that will be ahead of anything yet accomplished by them in that line.

Mr. St. Mary's Academy will reopen September 1st. For reduced terms apply to the Mother Superior. See advertisement in another column.

Geo. H. Morrison will leave Reno this morning for a trip through the northern country collecting statistics for Bancroft's Pacific Coast history.

A report comes from Truckee to the effect that a prominent temperance man from Reno, found a frog in his beer and narrowly escaped strangulation.

There was an incipient fire in Chinatown early Sunday evening which was fortunately extinguished before the alarm was given or any damage done.

P. B. Morgan, who has a contract to furnish horses for the U. S. army, was in Reno yesterday picking up all the fine horses he could find in this locality.

Wiggins, of Canada, has crept into his retreat as a weather prophet, but the White House holds the front as the boss clothing establishment in Reno.

A steam pump and the castings for a large water wheel, for the Kalamazoo mine, Plumas county, Cal., manufactured at the Reno Foundry, was shipped north yesterday.

A Committee of thirty Knights Templars, ten each from the California, Golden Gate and Oakland, will come to Reno in a special car on the 14th of August, to meet and receive St. Bernard Commandery, of Chicago.

Mrs. Hughes, residing on the South side of the river, was taken with a congestive chill Sunday evening, and for a few hours her life was despaired of. She recovered during the night and yesterday was reported out of danger.

BREVITIES.

Newt. Evans is back from Iron Point. C. Derby returned from Virginia last night.

Cat fishing Carsonites were at Washoe Lake Sunday.

Gov. Adams has not yet sent the Candelarians that pole.

B. F. Bacon and family returned from their camping out tour last night.

Last night's pyrotechnical display from the heavens recalled the big storm in '76.

Lewis District, a flourishing mining camp in Lander county a year ago, is practically deserted.

The north-end crosscut has encountered some milling ore in its approach to the west wall of the vein.

Every passenger train from the east brings along a number of tin-hat gentlemen, who are going to join the Knights Conclave in San Francisco, next month.

Capt. J. B. Overton, Superintendent of the Virginia and Gold Hill Water Company, came down from the Comstock last night. He goes to Boa this morning.

The case of Smith vs. Logan, on trial in the District Court yesterday, brought to town half the farmers in Pleasant Valley as witnesses. The case occupied the attention of the Court all day.

The Carson Guard shooting team is the best in the State. It made a score of 722 Sunday at the 200 and 500 yard ranges—better than either the American or British team at Wimbledon.

Yesterday forenoon and up to 4 o'clock the heat was wonderfully oppressive; the mercury crawled up close to 100. In the evening clouds overcast the sky, ending with a refreshing thunder shower.

At the annual meeting of the stockholders of the Savage on the 19th, the old Board was re-elected by a vote of 106,090 shares out of a possible 112,000. An assessment of 50¢ per share was levied, to become delinquent at the office on the 29th of August.

Marshal Corbett Catches Old Man Kerr.

On November 21, 1881, J. P. Kerr, a patent medicine man, was arrested at Virginia City on a charge of putting three-cent stamps on letters, which stamps had been used before, and from which the cancellation marks had been erased, and was held to answer by United States Commissioner Whitcher. When called for trial, on the 7th of last May, he failed to appear. Last Saturday J. S. Corbett, United States Marshal of Nevada, arrested Kerr in San Francisco. His bail was fixed at \$5,000.

Visit to Mt. Rose.

Last Saturday J. F. Banks, Dr. Lewis, T. F. Leycock and five ladies left Reno on horseback to visit the summit of Mt. Rose. The party camped at Campbell's ranch Saturday night, and Sunday reached the summit without difficulty and returned to Reno Sunday evening. The scene at the summit they describe as most charming, although the view was somewhat obstructed by clouds and mist.

A Lively Dash.

The team hitched to Kelly's butcher wagon took a lively spin around the block yesterday without a driver. The team was left standing for a few moments at the depot, and becoming frightened dashed up the plaza and around McFarlin's blacksmith shop at break-neck speed and after doubling the block twice was finally corralled, but not until the wagon was badly used up. The horses escaped unjaded.

For Sale.

The Ruby Hill Mining News is for sale. This paper has been a good paying property ever since it started. It is established in a town that has a population of nearly two thousand. The News has a circulation in the county of nearly 400, with a large outside circulation. The advertising columns are well patronized and the paper is paying handsomely.

Newspaper Demise.

The Safford Express has expired without even the glory of a valedictory. The editor or that paper informs his publishers that he has relinquished the newspaper filed at Safford in favor of W. W. Booth, recently publisher of the Austin Democrat, who will have a printing office there and start a paper on his own account.

Not Guilty

Wm. Robinson, who was arrested Saturday for disturbing the peace had a hearing before Justice Young Monday and was discharged. It appeared from the evidence that Wm., was on a bit of a jamboree without intending to injure any one or willfully disturb the peace.

Palace Restaurant.

This place continues to be popular resort for the hungry. All the substantial and luxurious of the season will be found on the table. There are separate rooms for ladies and families. The cooking is first-class, and the attendance is excellent.

FRANK LESLIE'S [POPULAR MONTHLY].

The August number is remarkable for the variety and excellence of the contents. Among the leading, profusely illustrated articles are: "The Home of Illustrated Literature"; (a description of the Frank Leslie establishment); "An Adventure with Two Gentlemen of Verona;" "The Garden of England," by N. Robinson; "History of a Playhouse," by Harry Tyrrell; "The Coronation of the Czar, Alexander III.;" "The Real Lord Byron," by Alfred H. Gurney, etc., etc. The interesting serial "The Beautiful Countess of Clairville," is continued, and there are delightful stories, sketches, etc., by Amanda M. Douglass, Surrey Wyatt, T. R. G. Peck, Etta W. Pierce, etc. There are some excellent poems—several admirably illustrated, and a most comprehensive, entertaining, and instructive miscellany. The number contains 128 pages quarto, over 100 illustrations, and a beautiful colored frontispiece, "A Declaration of Love." The price is only 52 cents a number; \$3 a year, postpaid.

Address, Mrs. FRANK LESLIE, Publisher, 53, 55 and 57 Park Place, New York.

Advertised Letters.

Following is the list of letters remaining in the Reno, Nevada, Postoffice July 21st, 1883:

Arbauer, L D (2) Jorgenson, Hans
Baily, William Lanzu, C
Briggs, R L (3) Lamb, O S
Curris, Clara Miles (2) Mills, Jennie Miss
Dale, J B McDermott, James
Dragovich, A D McGuire, P H
Doyle, Thos Orr, Kate Miss (2)
Parries, Nellie Mrs Peters, M Mrs
Garvin, J R Mrs Parker, H
Hart, John Revert, Albert
Heran, A Mrs Routon, F Miss
Houston, J W Singlet, John
Hooper, John Shirley, Ed T
Hooper, E F Smith, Tom R
Holmes, Robt Mrs Thompson, Tom
Welch, Josephine Willie, Geo F
Young, David (2) S. M. JAMISON, P. M.

Reduced Salaries.

The reforms and reductions now going on in the Postal Department will have the effect of reducing the salaries and perquisites of a majority of the Postmasters in Nevada. Our Reno office will be reduced between \$500 and \$600 per annum. The salary is based upon the receipts, and of course, the changes in the money order business, and reduction of letter postage, will cause a falling off to the extent that Postmaster Jamison estimates a reduction of \$600 per annum in the Reno office.

The Arcade.

Charley Frisch, formerly barkeeper for Geo. Becker, has leased a building on Virginia street, opposite Lindley's store, and opened a saloon on his own account. He has christened his new quarters the Arcade. He has spared no pains to make the saloon comfortable and attractive, and will be pleased at all times to meet his friends old and new. Charley understands his business, and when you want a cool, refreshing drink, drop in and see him.

THREE WAY AWAY HER SUPER-PORTER."

Dr. Pierce —A neighbor of ours was suffering from "female weakness" which the doctors told her could not be cured without a super-porter. After considerable persuasion my wife induced her to try your "Favorit" Prescription. After using one bottle she threw away the supporter and did a large washing, which she had not done in twenty years before. JAMES MILLER.
4246 Jacob Street, Wheeling, W. Va.

A. O. U. W. To-Night.

The new Lodge of A. O. U. W. will be instituted this evening at 8 o'clock at the Masonic Hall. Charter applicants who have not been examined should call on Dr. Lewis before that hour as none can be admitted to the Order until after they have passed a favorable medical examination.

New names may be added to the list on application to any of the parties named in Sunday morning's JOURNAL.

At the Target.

The first of the five weekly competitions for places in the inter-State rifle team was held Sunday, and the others will follow on each succeeding Sunday until August 19th. On August 21st the team of ten from the men showing the best average will be selected.

An Old Man's Belief.

Have used Parker's Ginger Tonic for my bad cough and hemorrhage I had twenty-five years. I feel like another man since I used it. Am 66 years past. Believe it is sure to cure younger persons. A. Orner, Highspire, Pa.

A Remote Abroad.

A paper published at Elkhart, Indiana, under date July 12th, chronicles the arrival in that city of Mrs. Vesey, of Reno, Nevada, and further states that Mrs. Vesey will go to California in a few days to reside.

Pile of Snow.

The Review says there is a bank of snow near Silver Creek, some 13 miles north of Austin, 30 feet in depth. A portion of it will be there when snow falls next winter.

STORM IN THE MOUNTAINS.

A regular old fashioned storm with thunder and lightning raged in the mountains west of Reno for several hours last night, occasionally breaking over with refreshing showers for the just and unjust in this locality. At times the lightning was frightfully brilliant, dancing on the telegraph wires so lively that the operators left the office. The storm was evidently very heavy in the mountain and will swell the river so that there will no longer be a scarcity of water.

The Duck Estate.

The District Court has granted an order directing the Administrator of the estate of Wm. Duck to dispose of all the personal effects of the estate, preparatory to closing his administration. Under the judicious management of Jerry Schooling the Administrator, the estate comes out better than expected. After paying all debts and liabilities there will be about \$15,000 to be distributed among the heirs.

Time Extended.

When the verdict was rendered in the case of Russell vs. Bergman the plaintiff was unable to pay the jury fee, which was necessary before the verdict could be recorded. The Court gave him two weeks in which to raise the money. The time expired last Saturday, and on application the Court extended the time until the 4th of August.

Advice to Mothers.

Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so, send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers, there is no mistake about it. It cures dysentery and diarrhea, regulates the stomach and bowels, cures wind colic, softens the gums, reduces inflammation, and gives tone and energy to the whole system. Mrs. Winslow's Soothing Syrup for Children Teething is pleasant to the taste, and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price 25 cents a bottle. Feb. 21st swf-lyr.

The most healthy and popular drink of the season is the ice cold soda water, sparkling with pure gas and flavored with true, delicious fruit syrups, to be had only at Queen's soda fountain.

THE WEEKLY JOURNAL.

The WEEKLY JOURNAL, published every Saturday, will be furnished to those desiring it at 2.50 per year in advance. It will contain the local news of the week, a careful summary of the State, Pacific Coast and mining news, together with a variety of miscellaneous and editorial matter, containing more reading than any weekly paper ever published in the country. Those desiring to subscribe for the WEEKLY JOURNAL will please call at the publication office.

FINE JOB WORK.

The JOURNAL job office has just received a large and fine stock of paper, cards, inks, etc., for job printing and is prepared to take orders for every description of work in the printing line. Only skilled workmen are employed in the job room and no inferior work is allowed to leave the office. Compensating prices are charged for every job and satisfaction guaranteed. Call and examine our specimens and leave your orders.

WHOLESALE AND RETAIL.

BUTCHER,

VIRGINIA STREET, RENO, NEVADA.

The Finest.

POWDER, ETC.

THE CALIFORNIA

POWDER WORKS,

430 CALIFORNIA STREET,

SAN FRANCISCO,

Manufacture and have constantly on hand

SPORTING.

MINING,

and BLASTING

POWDER

Of superior quality, fresh from the mills. It is being constantly received and transported into the interior, is delivered to the consumer within a few days of the time of its manufacture, and is in every way

Superior to Any Other Powder

In market. We have been awarded successively

Three Gold Medals!

At the MECHANICS' INSTITUTE and the STATE AGRICULTURAL SOCIETY for the superiority of our products over all others. We call attention to our

Hercules Powder,

Which combines all the force of other strong explosives now in use, and the lifting force of the very

BEST BLASTING POWDER

Thus making it vastly superior to any other compound now in use.

Circular containing a full description of this Powder can be obtained on application at the office or any of our Agents.

JOHN F. LOHSS, Secy.
